### **TECHNOLOGY**

Buford City Schools is pleased to offer a computer network which will allow students and staff members to gain access to the World Wide Web. Students in grades 2-12 are provided with a school email account for curriculum related purposes. This email account is not accessible outside Buford City Schools email. To gain access to the Internet, all students must obtain parental permission as verified by the signatures on a form which will be issued to all BCSS students. Should a parent prefer that a student not have internet access, use of the computers is still possible for more traditional purposes such as word processing and other instructional applications. We support and respect each family's right to decide whether or not to apply for access.

At Buford City Schools, we use G Suite for Education. G Suite for Education is a set of education productivity tools from Google including Gmail, Calendar, Docs, Classroom, and more used by tens of millions of students and teachers around the world. At Buford City Schools, students will use their G Suite accounts to complete assignments, communicate with their teachers, sign into their Chromebooks, and learn 21st century digital citizenship skills.

### ***TEST SECURITY***

Buford City Schools trains all personnel to follow specific guidelines and standards when administering any state or national assessment, such as GA Milestones. Specific protocol for test security is strictly followed and monitored daily during the testing window to maintain accuracy and integrity of the testing process. All materials are checked in and out daily and kept in a locked location. Any violations of test security are reported to the Superintendent and the Superintendent reports violations to the Georgia Department of Education. Consequences for violations are determined by GADOE.

## **TRANSPORTATION**

The school will stress the importance of good behavior on buses. Good behavior is directly related to bus safety. **Riding the bus is a privilege that can be taken away.**

The Georgia General Assembly has enacted two key pieces of legislation related to public school transportation about which students and parents should be aware:

### **House Bill 1179**

House Bill 1179 established that any person who is convicted of simple assault against an employee of a Georgia public school while the employee is engaged in official duties or on school property shall be punished for a misdemeanor of a high and aggravated nature. **School property shall include public school buses and stops for school buses as designated by local school boards.** Further, House Bill 1179 established that it is illegal for any person to disrupt or interfere with the operation of any public school bus or public school bus stop.

### **Senate Bill 291**

Senate Bill 291 established a prohibition against physical violence, bullying, physical assault or battery of other persons on a school bus, verbal assault of other persons on a school bus, disrespectful conduct toward a school bus driver or other persons on the school bus, and other unruly behavior.

Senate Bill 291 also established that students are prohibited from using any electronic devices during the operation of a school bus, including but not limited to cell phones, pagers, audible radios, tape or compact disc players without headphones, or any other electronic device in a manner that might interfere with the school bus communications equipment or the school bus driver's operation of the school bus, and further, Senate Bill 291 prohibits the use by passengers of mirrors, lasers, flash cameras, or any other lights or reflective devices in a manner that might interfere with the school bus driver's operation of the school bus.

### **FERPA Videotape Release**

Bus videotapes will only be released, with proper permission, to school administrators and police officials. Federal law generally prohibits school officials from releasing student educational records without appropriate consent under legal guidelines given that, if the tape is used in administrative or student discipline proceedings, it becomes a "record" under FERPA and subject to the non-disclosure rules.

## **Basic School Bus Rules**

### **Students Must:**

- be at the stop five minutes before the time the bus normally arrives, standing 12 ft. off the

- roadway, waiting until the bus stops, the door opens and the driver signals to board the bus.
- NEVER chase after the bus, NEVER go to another bus stop and NEVER have your parents drive you to another stop, even if you are late.
- always board and depart the bus at their assigned stop.
- sit three to a seat in his or her assigned seat unless otherwise directed by the driver.
- sit facing the front of the bus, bottom to bottom, back to back, no horseplay and remain in their seats until the bus stops for unloading.
- tell your bus driver if someone is picking on you or making you feel uncomfortable. NO BULLYING.
- board the bus carrying only items related to schoolwork which can be held in the student's lap. Large projects, fundraising items, sports equipment and musical instruments will not be allowed on the bus.
- refrain from eating, drinking or operating a cell phone on the bus.
- talk in a normal tone (no loud talking or shouting) while on the bus.
- remain totally silent if the weather is bad.
- be absolutely silent at all railroad crossings, at hazardous intersections and in the event the bus has to back up.
- when loading or unloading, watch for the driver's signal, look both ways, and always cross in front of the bus, never behind the bus when loading or unloading.
- open and close windows only with the permission of the driver.
- behave in a manner that does not jeopardize the safety of the bus.
- ride only their assigned bus. Students will not be given permission to ride home with another student.

**Bus Discipline:** If a student refuses to follow the bus rules after being warned by the driver and or/ paraprofessional, the student will be referred to the office. A graduated sequence of consequences will be imposed. Repeat offenses will lead to suspension from the bus. For more serious offenses, the consequences will be more severe.

NOTE: Suspension from riding the bus is an inconvenience to parents and administrators; however, the safety of students on the buses is the most important issue.

***OTHER PERTINENT LEGISLATION***

**Georgia House Bills 250 and 1321** (2008) address issues related to acts of sexual abuse or misconduct by teachers. A provision of the new legislation requires that school systems include in student handbooks a description of the process to be followed when students (or others) wish to make a report of such abuse or misconduct.

The Georgia state legislature requires we publish the process for making a report related to acts of sexual abuse of misconduct by teachers. That process is delineated below.

(a) Any student (*or parent or friend of a student*) who has been the victim of an act of sexual abuse or sexual misconduct by a teacher, administrator or other school system employee is urged to make an oral report of the act to any teacher, counselor or administrator at his/her school.

(b) Any teacher, counselor or administrator receiving a report of sexual abuse or sexual misconduct of a student by a teacher, administrator or other employee will make an oral report of the incident immediately by telephone or otherwise to the school principal or principal's designee, and will submit a written report of the incident to the school principal or principal's designee within 24 hours. *If the principal is the person accused of the sexual abuse or sexual misconduct, the oral and written reports will be made to the superintendent or the superintendent's designee.*

(c) Any school principal or principal's designee receiving a report of sexual abuse as defined in O.C.G.A. 19-7-5 will make an oral report immediately, but in no case later than 24 hours from the time there is reasonable cause to believe a child has been abused. The report will be made by telephone and followed by a written report in writing, if requested, to a child welfare agency providing protective services, as designated by the Department of Human Resources, or, in the absence of such agency, to an appropriate police authority or district attorney.

Reports of acts of sexual misconduct against a student by a teacher, administrator or other employee not covered by O.C.G.A. 19-7-5 or 20-2-1184 will be investigated immediately by school or system personnel. If the investigation of the allegation of sexual misconduct indicates a reasonable cause to believe that the report of sexual misconduct is valid, the school principal or principal's designee will make an immediate written report to the superintendent and the Professional Standards Commission Ethics Division.

**Georgia Senate Bill 289 and Georgia House Bill 175** (2013) created legislation allowing students opportunities to take online courses. This legislation does not require an online course to graduate, but provides an online learning opportunity should student or parent choose the option. In addition, HB 175 established a clearinghouse for stakeholders to find online courses and online course providers in the state of Georgia. The Georgia Online Clearing House provides student and parent with information and access to high-quality academic and career-oriented courses, aligned to state and national standards, through a variety of online providers. To access the information found in the clearinghouse go to : <http://www.gadoe.org/layouts/GADOEPublic.SPApp/Clearinghouse.aspx>

**Acceptable Use of BCSS  
Technology Resources**

The school's information technology resources are provided for educational purposes. Although the Student Code of Conduct applies to student online activity, as the environment of the World Wide Web becomes increasingly more interactive, the need for specific guidelines for acceptable uses of the information technology (IT) resources of the school system becomes increasingly more important. Therefore, Buford City School System has established the following guidelines for student use of system technological resources. Please note that these guidelines are subject to frequent updates, as warranted by changes in the digital environment.

**CONSEQUENCES FOR VIOLATION**

Violations of these rules may result in disciplinary action, including, but not limited to, the loss of a student's privileges to use the school's information technology resources.

**SUPERVISION AND MONITORING**

Administrators reserve the right to examine, use, and disclose any data found on the school's information networks in order to further the health, safety, discipline, or security of any student or other person, or to protect property. They may also use this information in disciplinary actions, and will furnish evidence of crime to law enforcement.
